## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

Citizens of Alfred:

I submit for your consideration the annual report of schools:

Elementary enrollment is 142. Classification by grades is as follows: grade one, 24; grade two, 20; grade three, 24; grade four, 10; grade five, 18; grade six, 12; grade seven, 12; grade eight 22. Three elementary pupils attend school in Sanford. Sixteen secondary pupils are attending high school in Sanford. The town pays tuition for fourteen of this number.

Last fall a somewhat crowded condition existed in the first three grades. Previously grade one had been divided, one division being assigned to the teacher of the sub-primary and the second division assigned to the teacher of grade two. In the hope of improving the situation the sub-primary was discontinued and grades one and two were assigned to separate rooms, each with its own teacher.

Schools opened in September with one change in the teaching personnel. Mrs. Dorothy M. Clark of Alfred was elected to grade one, filling the vacancy caused by the resignation of Mrs. Harriet A. Randall. In October Mrs. Josephine D. Gould, because of ill health was unable to continue her work in grades five and six. Miss Martha L. Goodwin of North Waterboro was engaged as substitute.

Mrs. Gould died February 21, 1950. It is with sorrow that we record the death of this beloved teacher.

Repairs and improvements have been continued

during the year. All class rooms on the first floor are now equipped with fluorescent lights. This work should be extended next year to the two classrooms on the second floor.

Another definite improvement was made. A blower was installed which forces heat into the basement under the primary room. This heats the floor and as a result the room itself is more readily heated.

Last fall Mr. Frank Rossi, contractor of road construction, bulldozed the ground at the rear of the schoolhouse. By smoothing and grading this area he made a very suitable playground. We appreciate this donated service. Playground equipment should be provided. The Alfred Parents' Club has made this project one of its activities and has raised a sum of money for that purpose. The town is being asked to appropriate at the coming town meeting the sum of \$150.00 for the same purpose.

I am grateful to the teachers, the School Board, to all citizens for their cooperation during the year just passed.

Respectfully submitted,

MAYNARD E. WRIGHT,

Superintendent of Schools

## REPORT OF THE HIGH SCHOOL PRINCIPAL

---

To the Superintendent of Schools, School Committee, Selectmen and Citizens of the Town of Alfred, I respectfully submit the following report:

School opened September 12, 1949 with an enrollment of 27 students. They were divided by classes as follows: Seniors, 10; Juniors, 5; Sophomores 5; Freshmen, 7.

The College Preparatory and the General Curriculum have been offered this year. Nine students are taking the College Preparatory course; the remaining students are taking the General Course.

The students have participated in all of the extra curricular activities of the Central York County League and have made a creditable showing in all events. They have taken part in the following events: Horseshoes, Spelling and Basketball. They will also take part in Baseball, Public Speaking and Checkers this spring.

Other school activities have been the Senior Play, a trip to Salem, Mass., by the entire student body, a lecture by Mrs. Lawrence Allen on the geology of the surrounding area, Book reviews by Miss E. Frances Abbott, and Friday night socials at the school.

A new set of Compton's encyclopedias have been added to the library. Each month we receive two books from the Junior Literary Guild. In this way, we are gradually building up a stock of more modern books.

I want to take this opportunity to express my appreciation to the Superintendent of Schools, School Committee, Selectmen, Teachers, and townspeople for their cooperation during the past year.

Respectfully submitted,

DANIEL C. BOOTHBY,

Principal

## REPORT OF THE PUBLIC HEALTH NURSE

---

I herein submit a brief report of service rendered the Town of Alfred by the York County Tuberculosis and Health Association for the period beginning January 1, 1949 to December 31, 1949.

A School Health program has been conducted throughout the year. This means establishing habits which provide healthful living in the school, the home and the community; and providing knowledge and preventive measures which assist each individual in developing and maintaining good physical and mental health.

In further detail the program consists of retesting children with questionable eye defects and hearing; making a general examination of each pupil, heights, weights, special attention to teeth and throat, charting all findings, making recommendations for remedial corrections, visiting and assisting parents of children who are found in need of immediate medical and dental attention.

A Tuberculosis Case-finding program which consists of tuberculin patch testing of the school children, X-raying all adult contacts of positive reactors and follow-up of all known cases and contacts.

Also organizing and conducting immunization clinics for both children and adults.

| Throat .....                                     | 1  |
| Vision .....                                     | 10 |

Several special examinations were made in classrooms because of skin diseases and pediculi. Home visits and adjustments were made readily.

In September the school bus and nurse transported, four times, 13 school children in Grade 2 to Sanford, where they received fluorine treatments (4) by the Maine Topical Fluoride Demonstration Unit of U. S. Public Health Service, financed by Federal funds from Washington, D. C.

Forty-nine children received the "Health Promotion Certificates" presented by the York County Tuberculosis and Health Association.

Four adults had chest X-rays at State Diagnostic Tuberculosis Clinic held in Biddeford in March.

Close teamwork on the part of physician, nurse, teacher and parents can be mutually helpful and beneficial to students, school, home and community; and keeps health status at a high level.

In closing I wish to thank Superintendent of Schools, Mr. Wright, Dr. Richards, teachers, parents and local organizations for their cooperation and assistance given in conducting the Health Program this year.

Respectfully submitted,

York County Tuberculosis and  
Health Association

## PARSONS MEMORIAL LIBRARY

---

To the Directors of Parsons Memorial Library

Gentlemen:

I herewith submit the 44th annual report of the library.

As in the past few years the library has been much used by the young people, especially the Junior High School.

The circulation has increased to 4,067, an increase of 659 over 1948.

In May I had the privilege of attending a Librarians Round Table at Sanford and Springvale and came home with many helpful ideas.

Book \*Week was observed in November with Miss Frances Abbott of the Louis Goodall Memorial Library giving a book review and talk on worthwhile books at the High School Auditorium.

Mrs. Moody cooperated with us for this pleasant occasion; the girls in her room served tea to parents and invited friends.

A new director, Mr. Arthur Gould, has been appointed to fill the vacancy caused by Rev. Charles Stevens' resignation.

In December the directors of the library were very much pleased to receive the generous gift of fifty shares of United States Steel preferred, from Mr. Henry Parsons and Mr. Joseph Parsons.

Part of the income from this stock will offset the shrinkage in our book fund.

If it had not been for the pay shelf and the check Mr. Henry Parsons gave us this fall, we should not

have been able to buy our usual number of books this year.

A few books have been donated, and The New Century Club gave us Chamberlain's "Open House in New England"

Mrs. Charles Millmine also sent us a check to help defray the cost of magazine renewals.

The library grounds have been somewhat improved; the shrubbery has been trimmed, the building has been cleaned and the front doors refinished.

Respectfully submitted,  
FLORENCE R. HEWEY,  
Librarian.

Following is the list of books added during the year.

STATE OF MAINE  
STATE DEPARTMENT OF AUDIT  
Augusta

September 30, 1949

Board of Selectmen  
Alfred, Maine

Gentlemen:

In accordance with Chapter 16, Section 3 of the Revised Statutes of 1944 and at your request, the records of the Town of Alfred have been audited by Auditor M. W. Bragdon for the period February 7, 1948 to February 5, 1949 inclusive.

The examination was made in accordance with generally accepted auditing standards applicable in the circumstances and included all procedures which were considered necessary. Insofar as could be ascertained within the scope of the examination, the financial transactions of the Town appear to have been appropriately handled, with such exceptions as may be noted in the accompanying Comments.

Exhibits and Schedules incorporated in this report present the result of the financial operations of the Town for the period designated.

All of which is respectfully submitted,

Very truly yours,

FRED M. BERRY,

State Auditor

FMB:lf

### Town of Alfred

**February 7, 1948 to February 5, 1949**

An audit has been completed of the financial records and accounts of the Town of Alfred for the municipal year ended February 5, 1949.

Bank accounts and investments were verified and all tax accounts checked in detail.

The net gain from operations for the year amounted to \$1,394.05. This gain was the principal factor in changing the net deficit at the start of the year to a surplus at the closing of the books.

In 1947 the Town appropriated at its annual meeting the following amounts for State Aid Road Construction:

|                            |            |
|----------------------------|------------|
| State Aid Road No. 8 ..... | \$1,066.00 |
| State Aid Road No. 3 ..... | 533.00     |
| State Aid Road No. 7 ..... | 533.00     |
| <hr/>                      |            |
| Total .....                | \$2,132.00 |

No construction work was done in 1947. In 1948 the Town appropriated \$799.00 for State Aid Road No. 3, making total appropriations of \$2,931.00. The state matched \$1,599.00 of this amount during the 1948 year, leaving a balance still to be matched of \$1,332.00. It is suggested that this matter be taken up with the Road Supervisor.

### **Assets**

All asset accounts were reviewed and verifications made to the extent deemed necessary.

### **Liabilities**

The following are the items of accounts payable:

|                                |           |
|--------------------------------|-----------|
| Joseph Fournier .....          | \$ 12.04  |
| Withholding Taxes .....        | 234.95    |
| Teachers' Retirement Fund .... | 106.08    |
| <hr/>                          |           |
| Total .....                    | \$ 353.07 |

### **Reserves and Surplus**

The reserves cover the special cemetery and library funds and the appropriation balances carried forward to the 1949 year.

The unappropriated surplus represents the excess of assets over liabilities and reserves.

### **Revenue and Expenditures**

On Exhibit B is presented a statement of the revenue and expenditures for the year. This statement discloses the sources from which revenue is obtained, and the purpose for which expenditures are made. A net gain of \$1,394.05 resulted from the current year's operations.

### **General**

The municipal officers should give consideration to increasing the amount of the bonds of the Treasurer and Tax Collector. It would not appear that the \$2,000.00 coverage on each officer is sufficient.

---

The receipts and expenditures of the Old Cemetery and Parsons' Memorial Library Funds were checked in detail and expenditures found supported by vouchers or authorized orders.

Excise taxes were checked in detail and receipts accounted for. Deposits with the Treasurer, however, were not made monthly as required by statute. (Chapter 81, Section 105, Revised Statutes of 1944.)

The records of the Town Clerk were examined for oaths of office, appropriations and salaries of officers.

**State of Maine****STATE DEPARTMENT OF AUDIT  
AUGUSTA**

November 15, 1950

Board of Selectmen  
Alfred, Maine

Gentlemen:

In accordance with Chapter 16, Section 3, Revised Statutes of 1944, and at your request, the records of the Town of Alfred have been audited by the State Department of Audit for the period February 2, 1949 to February 6, 1950 inclusive.

The examination was made by Auditors R. M. Parsons, L. J. Hann, and D. E. Nielsen in accordance with generally accepted auditing standards applicable in the circumstances, and included all procedures which were considered necessary. Insofar as could be ascertained within the scope of the examination, the financial transactions of the Town appear to have been appropriately handled, with such exceptions as may be noted in the accompanying Comments.

Exhibits and Schedules incorporated in this report present the result of the financial operations of the Town for the period designated.

Recommendations are also offered which are believed to be worthy of your consideration.

All of which is respectfully submitted.

Very truly yours,

FRED M. BERRY,  
State Auditor.

## REPORT OF THE PUBLIC HEALTH NURSE

---

I herein submit a brief report of service rendered the Town of Alfred by the York County Tuberculosis and Health Association for the period beginning January 1, 1950 to January 1, 1951.

The continuance of our health program has kept in motion a constant effort to help eradicate tuberculosis, protect and improve the general health of the citizens.

Besides the time spent on general school health problems, considerable time has been spent on routine examinations and special inspections of school children. A follow-up of these examinations has included home visits and working with parents and assisting with the correction of physical defects and nutritional problems:

### Annual inspections completed:

|                                                         |     |
|---------------------------------------------------------|-----|
| Number of pupils examined .....                         | 143 |
| Number of pupils with no dental defects .....           | 70  |
| Number of pupils with defective teeth (deciduous) ..... | 54  |
| Number of pupils with defective teeth (permanent) ..... | 37  |
| Number of pupils with defective throat .....            | 12  |
| Number of pupils with defective vision .....            | 4   |
| Number with evidence of pediculi .....                  | 5   |
| Number of pupils underweight .....                      | 5   |
| Number of pupils overweight .....                       | 4   |

All students in grades 5, 6, 7, 8 and high school were given hearing tests with the audiometer. All those with a 6% or more hearing loss were advised to have examinations by their family physician.

Three immunization clinics were held in school with Dr. Richards.

Several children had complete dental work done, which was financed by the A.A.M. Club and the American Legion Auxiliary.

One of the many phases of health education is the promotion of mouth health as recommended by the American Association of Public Health Dentists. The following we stress in all groups of students:

- a. Early and frequent dental care, beginning at two years of age.
- b. Good nutrition, especially during the period when teeth are forming (from birth to about 13 years of age).
- c. Avoidance of sweet and starchy foods, especially candy, cake, cookies, etc., eaten between meals.
- d. Good home care of the teeth and gums.

Guidance and assistance in health education and health problems has been given in school and to some families throughout the year.

With many thanks to the people, including the teachers, and Mr. Wright, Superintendent of Schools, for their assistance and cooperation throughout the year.

Respectfully submitted,

YORK COUNTY TUBERCULOSIS  
AND HEALTH ASSOCIATION

## REPORT OF THE PARSONS MEMORIAL LIBRARY

---

To the Board of Directors of Parsons Memorial  
Library

Gentlemen:

I herein submit the 45th annual report of the library.

The library and the town suffered a great loss in the death on October 29th of their capable librarian, Miss Florence R. Hewey, who had served them the last eight years, and had carried on so faithfully the last months in the face of ill health.

This report must, therefore, be her report.

Although there has been only a slight increase in the whole circulation of books at the library, circulation of non-fiction among adults and high school students has increased considerably.

The reading room offers a wide selection of magazines. We wish the public would make greater use of these.

Gifts of books include: "Peabody Sisters of Salem" from the New Century Club; an autographed copy of his collected poems, "Sea Haven" from Mr. Adelbert M. Jakeman; "St. Nicholas Anthology" in memory of Mrs. Josephine D. Gould, from Mrs. Helen Lewis and family; a six-volume set of Goldsmith's works from Professor Walter F. Willcox; three books from Mrs. Charles Milmine; sixteen from Mr. Joseph Parsons; seven from Miss Mildred Wilson; and several from Mrs. Donald Stuart.

Mrs. Milmine again sent us a generous check to help defray the cost of magazine renewals for the reading room.

Mrs. Carl Richards has given us a two-year subscription to the magazine, "Today's Health."

Mrs. Henry Roberts has donated an old Town Treasurer's account book of 1816.

Professor Walter F. Willcox of Ithaca, New York, presented the library with a large oil portrait of his great-grandmother, Sally Brooks Holmes, wife of Senator John Holmes.

This valuable painting was unveiled at a tea at the library in July with suitable exercises at which Adelbert M. Jakeman and Molly Carpenter Kelley were speakers. An account of this appeared in "Pine Cone", the Maine Publicity organ.

Professor Willcox has also given us his Holmes and Goodenow bibles, together with an interesting and valuable collection of family letters, and genealogical and historical material pertaining to the John Holmes and Daniel Goodenow families of Alfred.

A glass case to display these and other relics is to be a memorial to Miss Hewey. A fund for this purpose was established by friends at the time of her death.

An oil painting of the Holmes mansion as it appeared in 1858 has come to us from the estate of the late Mr. Macy whose wife, Rose Sayward, once lived in this house.

We are very grateful for all these gifts.

No observance of Book Week was made in November, except that a selection of children's books was displayed for examination at the Parents' Club meeting at the school building.

The Rev. Clifford V. Cross was elected to the Board of Directors at the March Town Meeting.

Mrs. T. W. McConkey has been appointed a member of the Book Committee.

Mr. Everett Kimball succeeded Mr. Willard Mack the first of the year.

Mrs. Harry L. Drew has been appointed librarian to succeed Miss Hewey.

The Boy Scouts, under proper supervision, have been allowed the use of the library basement for their meetings.

A firm of slate-roofers has been engaged to repair the roof, but presumably, owing to the scarcity of copper for flashing this work has not been done.

It will be necessary to have our heating plant overhauled in the spring.

We are again asking the town to appropriate the sum of \$500.00 for expenses of the library.

Your librarian is very grateful to the patrons of the library for their patience, understanding and cooperation.

Respectfully submitted,

BERTHA F. DREW,

Librarian.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

Citizens of Alfred:

Again it is my privilege to submit for your consideration the annual report of schools. Elementary enrollment is 137 this year. Classification by grades is as follows: Grade 1, 26; Grade 2, 20; Grade 3, 19; Grade 4, 23; Grade 5, 11; Grade 6, 17; Grade 7, 11; Grade 8, 10. Two elementary pupils attend school in Sanford.

There have been two changes in teaching personnel.

At the end of the school year in June Mrs. Miriam B. Moody resigned her position as high school assistant and the vacancy thus caused was filled by the election of Miss Priscille Pouliot of Sanford. Miss Martha L. Goodwin of Waterboro did not accept re-election to grades 5 and 6. This position is now being filled by Mrs. Elizabeth A. Beals of Alfred.

A study of the classification by grades will show a somewhat overcrowded situation in grades 3 and 4. It will be seen that the number enrolled in these two grades is considerably more than the 25 advocated per teacher. This condition could be overcome by reorganizing the high school on a six-year basis to include grades 7 and 8. This would necessitate the employment of a junior high school teacher and the use of the assembly room as a classroom. This arrangement would mean a very definite advantage to the elementary organization. The pupils of the first six grades could thus be divided among the five elementary teachers now employed. The result would be a very workable number of pupils per teacher.

The school lunch program has been carried on in a very satisfactory and efficient manner. I have received from the State Department a note commending the Alfred lunch program.

The program of making necessary repairs and improvements has been continued during the year. Serious leaks in the roof were overcome by applying new copper flashing. Similar treatment should be given the roof around the belfry. The condition as yet is not too serious, but should be attended to as soon as means allow. New seats were purchased for the main classroom in the high school and fluorescent lighting was installed in that room and in the laboratory. Other necessary repairs have been attended to including improvement of plumbing and fixtures in the boys' basement.

Indications are that elementary enrollment will continue to increase during the coming years. This presents a grave problem for many towns, since housing conditions are already overcrowded. Some towns are solving the problem by organizing area high schools. Housing facilities previously used by the high schools can thus be diverted to elementary use. The advantages of the area high school are too well known to need repeating. By uniting with neighboring towns larger and better schools could be built. This idea should be given serious consideration by the citizens of Alfred.

In closing I wish to express my appreciation to the citizens, the members of the school board, and the teachers for their cooperation during the year.

Respectfully submitted,

MAYNARD E. WRIGHT,

Superintendent of Schools

## REPORT OF THE HIGH SCHOOL PRINCIPAL

---

To the Superintendent of Schools, School Committee, Selectmen and Citizens of the town of Alfred, I respectfully submit the following report:

School opened September 5, 1951 with an enrollment of 29 students. They were divided as follows: Seniors, 4; Juniors, 4; Sophomores, 5; Freshmen, 16. Five students have dropped out of school since the beginning of the year.

The College Preparatory and the General Course have been offered this year. The students are taking the College Preparatory Course; the remaining students are taking the General Course.

The school has participated in all of the activities of the Central York County League and has made a creditable showing in all events. Miss Marjorie Sawyer won the prize speaking contest; the basketball team finished fifth in the league play and fourth in the Central York County Tourney; the track team finished third, and the baseball team finished second.

New equipment added this year includes 20 desks to replace the battered one in the main room, fluorescent lights in the laboratory and main room, a complete set of Physiology and Hygiene Charts, a master magnet and three demonstration kits, and supplementary laboratory equipment. We receive two books each month from the Junior Literary Guild, and have completed paying for the set of Compton's Encyclopedias for the library.

Music has not been offered this year because of the lack of music supervisor. The students miss this very much and it is an important part of their education.

The Audio-Visual program has been hampered until recently by the lack of a projector. But, thanks to the efforts of the Alfred Parents' Club, this condition has been corrected. They have purchased for the school a very fine R.A.C. projector.

I want to take this opportunity to express my appreciation to the Superintendent of Schools, School Board, Selectmen, teachers and townspeople for their cooperation during the past year.

Respectfully submitted,

DANIEL C. BOOTHBY,

Principal
